

# Acute Training Solutions

## Care of Medicine - Following instructions

Carry out the following directions, you have 5 minutes to complete this task.

Directions	
1	Read everything through carefully on this page before you do anything.
2	Print your name in the upper left-hand corner of this page.
3	Write the date below your name in the upper left-hand corner.
4	Draw 4 squares in a line in the bottom right-hand corner
5	Circle the number "5" at the beginning of this sentence.
6	After the date written just below your name, write your birth date.
7	Colour in the 3rd square in the bottom right-hand corner
8	Draw a line through this sentence.
9	Put an "X" in the upper right-hand corner of this page.
10	Punch a hole with your pencil through the number "10" at the beginning of this sentence.
11	Underline all the numbers on this page, other than numbers 5 & 10.
12	Circle all the CAPITAL letters on this page
13	If A = 1, B = 2 and C = 3 add the letters in "CAPITAL" together. What is the total?
14	Draw a outline of the British Isles on the back of this sheet.
15	Now that you have read everything through carefully, do only items 1 and 2.
